# Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

**The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding.** LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

**The LEA must address the Strategy and Alignment prompts provided on the following page.**

**Each provision for each program must be addressed,** unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources;

however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

## Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Santa Clarita Valley International's (SCVi) strategy for using federal funds is to increase student performance in ELA and Math with Tier II academic interventions .SCVi will focus Title I funding on providing increased support and services in the areas of curriculum knowledge and intervention support, in order to provide individualized academic support. Title II funding will be utilized for increasing access to highly qualified and supported credentialed teachers. Title IV funding will be utilized to remove barriers to student achievement, which includes access to technology and learning software and social-emotional learning curriculum and resources.

## Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

The site leadership team, along with the School Site Council and other parent/community groups, ensure funds are used in a coherent manner to support the achievement of the school's mission, vision, and individualized learning plan goals for all students. While the LCAP and SPSA are kept separate, alignment ensures that both the SPSA and LCAP align to California's eight priorities and requirements under ESSA. The single-school LEA uses the annual SPSA as the ATSI plan. A continuous improvement cycle throughout the year and meticulous fiscal tracking ensures that verifiable and internal data, educational partner input are aligned to LCAP and SPSA goals that complement each other and lead to increased student achievement. Title funding is used particularly for Tier II learners who are underperforming in ELA and Math as a part of a larger MTSS-aligned spending strategy.

## ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

## TITLE I, PART A

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

The culture of Santa Clarita Valley International will continue to recognize and promote parents and families as partners in their children's educational journey. At the beginning of the school year, all students, teachers and parents participate in the development of each child's Individualized Learning plan (ILP). During this time, they discuss student placement based on multiple assessment scores, such as CAASPP, and NWEA MAP, as well as student's social emotional goals for the year. They

also discuss the monitoring system which includes regular progress update meetings. For migratory families, school

staff meet with them, prior to the student leaving school, and go over the student's ILP. During this meeting, they discuss how to support the student and make their education the least disruptive as possible. Upon re-entry, staff again meets with the family and student to adjust their ILP taking into account the extended absence. The goal is to support the learner to create educational success for them. The school provides Parent Universities, which are workshops in which parents actively participate in learning about topics such as: Proper internet usage with their children, understanding and supporting instruction in the California State Standards, and how to support their children's academic success through the use of Tier I curriculum and Tier II intervention adaptive software, and other resources. In addition, Santa Clarita Valley International conducts outreach to parents of low-income students by providing community resources. Outreach also includes supporting parents in finding community resources, conducting parent workshops and gathering information on community needs. Parent meetings and events are held to provide opportunities for input from parents on all aspects of Santa Clarita Valley International's instructional program. Santa Clarita Valley International's parent groups, along with the site leadership team has developed a Parent Engagement Policy following all necessary guidelines and approval processes. Subsequently, the policy has been shared, and interacted with, at all parent meetings, just as is done with the LCAP goals and actions. These groups will also provide input into the development and revision of any and all plans at Santa Clarita Valley International. Information is shared with parents via telephone (parent square) email, and in person. The school has an active ELAC that meets regularly to review data, make recommendations, review the SPSA and LCAP, and be an active part of school strategy.

Materials and messages are translated as necessary. Accommodations and supports are provided for family members with accessibility or other special needs so that they are supported in communicating with the school and in participating in parent meetings and universities. iSUPPORT is a parent run group at the school. Through this group, parents and families collaborate with staff and provide ongoing input into all aspects of the school. Staff communicates and invite parents, on an individual basis and through the use of the school's weekly email message, to participate in iSUPPORT meetings. All staff continually participates in professional development to develop skills in building relationships with parents and families so that the families fully participate as partners in the school. Regular in-person events are held at the school to increase family participation and engagement and the school-home connection.

### **Professional Growth and Improvement**

ESSA SECTION 2102(b)(2)(B)

Provide a description of the LEA's systems of professional growth and improvement, such as induction for teachers, principals, or other school leaders and opportunities for building the capacity of teachers and opportunities to develop meaningful teacher leadership.

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

Santa Clarita Valley International participates in a continuous cycle of inquiry and plans professional learning based on analyzed data and identified needs. Data examined includes formative and summative assessment data, disaggregated by student subgroups. Professional learning is ongoing and teachers may choose from both live opportunities, provided weekly and quarterly, as well as an asynchronous menu of professional learning workshops based on their identified needs. The professional learning menu allows teachers to access relevant trainings based on where they are in their career. The emphasis of all professional learning is on strategies effective in closing achievement gaps for students in ELA and Math, Project Based Learning (PBL), the California Content Standards, as well as the foundational practices implemented at the school. Teachers implement what is learned through the workshops, and collaborate with school leadership to analyze their instruction and learner engagement, through the cycle of inquiry model. Data and goals are reexamined monthly, and the teachers revise their instructional goals. New teachers are provided mentoring support, in addition to what has already been described, and participate in the TIP program (formerly known as BTSA).

Teachers in the middle of their careers particularly benefit from the asynchronous menu of professional learning opportunities, which is offered weekly, as it is directly informed from input regarding their needs. Flexibility is built into the asynchronous workshops so that experienced teachers' needs for growth are met. Veteran teachers who are further along in their careers have the opportunity to participate in the year-long leadership connection program, which prepares them for roles as teacher leaders, mentors, and other leadership roles. New leaders participate in, in addition to the monthly leadership connection meetings, monthly collaborative meetings, job-alike, to build their school leadership skill sets and support them in their new roles. All leaders, regardless of their experience, have the opportunity to work with a leadership coach. Santa Clarita Valley International's

leadership work with each teacher in developing their Individualized learning Plan (ILP) at the beginning of each school year.

Regular check ins occur, monthly, with leaders collaborating with the teachers to identify professional learning opportunities that will best suit the teacher's growth goals and needs. What is described above is in place to continuously build individual efficacy. In regard to the entire school system's efficacy, Santa Clarita Valley International's staff meets together monthly to examine student achievement data and work samples, disaggregated by student group. Adjustments to the school program, as well as instruction, are made, based on the data, in order to continually close achievement gaps.

## **Prioritizing Funding**

ESSA SECTION 2102(b)(2)(C)

Provide a description of how the LEA will prioritize funds to schools served by the agency that are implementing comprehensive support and improvement activities and targeted support and improvement activities under Section 1111(d) and have the highest percentage of children counted under Section 1124(c).

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

Santa Clarita Valley International is an identified ATSI school; however, is a single school LEA. All funding is prioritized to support the ATSI school developed plan in the annual SPSA. The School Site Council and other educational partner groups are responsible for the development and monitoring of the school's SPSA.

## **Data and Ongoing Consultation to Support Continuous Improvement**

ESSA SECTION 2102(b)(2)(D)

Provide a description of how the LEA will use data and ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under this part.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

Santa Clarita Valley International leadership, teachers, staff, and parents continually use data, in a continuous cycle of improvement model, to discuss title II activities in focus groups. Data examined includes NWEA MAP data, from administrations in the Fall and Spring, as well as student work samples, other formative assessments, as well as summative data. The focus groups meet once per month to consult on LCAP goals and actions, the WASC action plan, charter renewal criteria, and the results of school ongoing data analysis to continually update and improve professional development activities funded by Title II, part A, as well as LCFF and other Federal monies. In addition to the focus group meetings, the monthly iSUPPORT parent group consults monthly on Title II activities. In addition to their focus group participation, non-teaching staff participate in monthly consultation groups to examine non instructional systems and practices. As the focus groups consult for LCAP planning, they evaluate the effectiveness of and make adjustments to, the professional learning paid by Title II, Part A, LCFF, and other Federal funding sources. As community partnerships are

developed, they will be added to the focus group consultation meetings so that they may give input on Title II activities.
